

DOUBT WHEAT AND TEN CENTS A BUSHEL.

Possibilities Suggested by the
Rapid Advances in New
York.

ENORMOUS TRADING IS DONE.

Crop Damage and Foreign Complications Cause a Great Bull Movement—Wild Excitement on Change.

REPUBLIC SPECIAL.
New York, June 23.—Dollar wheat and 10-cent cotton are possibilities of the next few days. The market movement in these staples during the week has been remarkable, and brokers agree that both wheat and cotton, owing to crop damage and the likelihood of war over China, are in for a further advance.

The upward swing in wheat—an advance of 22¢ a bu. in the local market within three weeks—is reflected sharply in advances in flour both at home and abroad. Minneapolis patent flour was quoted to-day at \$4 a bu., as against \$3.80 one week ago, a net gain of \$1.15 within the week and \$50 a bu. higher than the price of June 23, 1899. Still higher prices are predicted for the necessity, as a natural result of the shortage in the wheat crop and the advance in the cereal.

Wheat made new high records on the Produce Exchange to-day. July sold up to 85¢, closing at 82¢, a net advance of 10¢ over 4¢ a bu. Sept. at the same time sold up to 85¢, but closed at 82¢, showing a net gain on the day's dealings of 1¢. The last day of the week's trading was, without doubt, the most remarkable for activity and excitement of a month.

Activity in the two months began on the curb before the official opening at an advance of from 25¢ to 30¢ a bushel. English cables gave the initial impulse, showing a further advance of \$1.50 a bushel in Liverpool over night, a gain of from 25¢ to 30¢ in the wheat crop and the advance in the cereal.

Excitement was intense as the hour for the official trading opened at an advance of from 25¢ to 30¢ a bushel. English cables gave the initial impulse, showing a further advance of \$1.50 a bushel in Liverpool over night, a gain of from 25¢ to 30¢ in the wheat crop and the advance in the cereal.

The character of the overnight news, both of a crop-damage nature and the foreign advances, created consternation among the bear operators, to whose frantic efforts to cover short lines the wide opening advances were due. The transactions were of an enormous volume. The sharp advance resulted in some heavy profits to covering, which the market hesitated a trifle, but a new buying movement from Wall Street and speculators set in, and, speedily absorbing the offerings, shot the price of July up to 85¢ and September to 82¢.

In the later trading the price movement became very erratic, rushing up and down rapidly, as profit-taking sales were executed or buying orders came into the market. Toward 12 o'clock July had eased off to 85¢, but recovered, and closed officially at 82¢. On the difference of time, Chicago continued trading for an hour after the New York closing, and as prices continued strong there the same temper was communicated to the local club, when July again ran up to 85¢.

Cotton's Rapid Rush.
Cotton again rushed up rapidly to-day under heavy trading and frantic short covering. The market for futures opened steady in tone, with prices one point higher to four points lower than the previous day's closing. With unfriendly closing Liverpool cables, a less bullish chronicler view than was looked for and Chicago, which was a far from encouraging bear speculation, however, the decline was used by local shorts to cover, and the market closed with buying orders.

Prices advanced 25 points in a less number of minutes than the demand showed the least sign of abating. Wall Street and other outside interests were heavy purchasers of the cotton, and the market was in a panic-stricken, and in wild stampede, making frantic short covering.

The trading was on an enormous scale, aggregating more than 400,000 bales, equivalent to 800,000 tons of cotton. The period of greatest activity July sold up to \$1.15, and the Aug. option ruled at \$1.05, advances from 10 to 15 points above Friday's final quotations.

After the first hour of trading to-day there was very heavy realizing, and it appeared as though the short interest had been practically eliminated, and a large loss interest created. Closing prices were from 10 to 20 points above Friday's final quotations.

DAMAGE IN ILLINOIS.
Heavy Hail Injure the Crops—Man Struck by Lightning.
Metropolis, Ill., June 23.—Last evening a heavy rainfall, almost a cloudburst, visited this country, and did a greater part of the wheat and corn crop. In the low lands along the Ohio River much of the wheat standing in the fields was completely washed away. The corn was also washed out of the ground in many places and entirely away.

REPUBLIC SPECIAL.
Pana, Ill., June 23.—A cloudburst occurred in this vicinity this afternoon, accompanied by thunder and lightning. Great damage was done to growing wheat and corn, and the oats crop was almost entirely destroyed. At Burton of Ocala city was the victim of a bolt of lightning. It struck him senseless and tore the clothing from his body.

Carbondale, Ill., June 23.—The heavy rains of the last two days have flooded the streets of Mill Creek along the line of the Mobile and Ohio Railroad. A majority of the dwellings along the line of the road are submerged above the first floor, and the railroad track is under water fully two feet for about one mile. Traffic on the railroad was stopped for time, and the Mobile found it necessary to use the Illinois Central tracks from Cairo north to Murphysboro. The water was so high that no casualties are reported, but an immense amount of damage has been done to growing crops.

FAMILY OUSTED BY WORMS.
Dreaded "Army" Crawlers Killing South Dakota Vegetation.
Yankton, S. D., June 23.—The dreaded army worm has appeared on the Missouri sandbars along the river front in this city in such numbers as to cause serious alarm. Twenty or thirty acres of willows have been swept bare, and the worms are moving eastward. They invaded J. C. Schoder's farm and house and drove the family out. He lost his garden and part of his crops. The worms are from two to three inches long and are said to be the genuine army worm, which sweeps all vegetation clear as it moves.

JUDGE HENRY L. WARREN.
Well-Known Lawyer Died at Albuquerque, N. M.
REPUBLIC SPECIAL.
Quincy, Ill., June 23.—News of the death of Judge Henry L. Warren at Albuquerque, N. M., reached this city to-day. The body will arrive Monday and will be buried by the Masons, of which the deceased man was a member of high standing.

Judge Warren was the son of Calvin A. Warren, a famous State Attorney in the early days of Quincy, and a contemporary of Bushnell and Browning. He practiced law here for forty years and had a wide reputation as a keen, able lawyer and a great wit.

M BARR & CO. ST. LOUIS.

Great Bargains for Last Week of June Reduction Sale.
